

## **Filantropía Puerto Rico**

### **No Soliciting Policy**

We create a space for leaders and thinkers of the philanthropic ecosystem to convene, collaborate and tackle the pressing issues affecting Puerto Rico.

To ensure members and attendees (whether grantmakers, nonprofits, businesses or government officials) feel welcomed, comfortable, and are able to fully engage in the opportunities our space provides, Filantropía Puerto Rico enforces a strict policy prohibiting promotional efforts or the solicitation of business, grants or donations.

Organizations that function as both grantmakers and grantseekers, and individuals who have roles in both philanthropy and development, must ensure their membership or attendance at events is not used for fundraising or promotion purposes.
