We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit’s opinion.

NOTES TO FINANCIAL STATEMENTS

December 31, 2018

NOTE A - ORGANIZATION AND SUMMARY OF ACCOUNTING POLICIES

1. Organization

The entity was organized under the laws of the Commonwealth of Puerto Rico on February 12, 2009, as a nonprofit organization. The entity is an association of grant makers for joint learning and action with the objective of creating opportunities for coordinated, aligned, and collaborative grant making to improve the lives of vulnerable populations in Puerto Rico. The entity is exempt from both Puerto Rico and Federal income taxes.

A summary of the significant accounting policies followed in the United States of America and consistently applied in the preparation of the accompanying financial statements judged by management to be the most appropriate in the circumstances to present fairly the company’s financial position and results of operations in accordance with accounting principles generally accepted in the United States of America follows:

2. Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of revenues and expenses. Accordingly, actual results could differ from those estimates.

3. Method of accounting

The organization’s records are kept using the accrual basis of accounting whereby revenue is recorded as earned and expenses recorded as incurred.

The organization adopted FASB ASC 958-205, Not-For-Profit Entities - Presentation of Financial Statements. Under FASB ASC 958-205 the organization is required to report information regarding its financial position and activities according to two classes of net assets: with donor restrictions and without donor restrictions. In addition, it is required to present a statement of functional expenses and statement of cash flows.

4. Cash and cash equivalents

For purposes of the Statement of Cash Flows, the Organization considers as cash equivalents all highly liquid investments, which can be converted into known amounts of cash and have a maturity period of ninety days or less at the time of purchase.

-8-
NOTE A - ORGANIZATION AND SUMMARY OF ACCOUNTING POLICIES – CONTINUED

5. Contributions

The organization adopted FASB ASC 958-605, Not-For-Profit Entities - Revenues, whereby contributions received are recorded as with donor restrictions or without donor restrictions, depending on the existence and nature of any donor restrictions. Support that is not restricted by the donor is reported as an increase in without donor restriction net assets. All other donor restricted support is reported as an increase in with donor restricted net assets, depending on the nature of the restriction. When a restriction expires, when a stipulated time restriction ends or purpose restriction is accomplished, with donor restriction net assets are reclassified to without donor restriction net assets and reported in the Statement of Activities as net assets released from restrictions. Contributions that are restricted by the donor are reported as increases in with donor restriction net assets if the restrictions expire in the fiscal year in which the contributions are recognized.

Contributions of donated services that create or enhance nonfinancial assets or that require specialized skills and would typically need to be purchased if not provided by donation, are recorded at their fair values in the period received or at values indicated by the donor. Due to the nature of the donated services their might be activities which the organization has not been able to account for.

6. Allowance for doubtful accounts

Provision for losses on accounts receivable is made in amounts required to maintain an adequate allowance to cover anticipated bad debts. Accounts receivable are charged against the allowance when it is determined by the company that payment will not be received, and any subsequent receipts are credited to the allowance. This allowance is adjusted by management based on a review of all accounts receivable. As of December 31, 2018, no allowance for doubtful accounts was considered necessary.

7. Prepaid expenses

Expenditures made to secure the use of assets or the receipt of services at a future date are charged to the prepaid expense account and are amortized based on the term and usage of the amounts.

8. Financial instruments

The carrying amounts of cash and accounts receivable, accounts payable, deferred revenues and accrued expenses approximate fair value because of the short maturity of these items.
